## SUMMARY

Resourceful, reliable, hard-working professional with 10+ years successful remote work roles. Knowledgeable across multiple industries and has leadership and management experience with direct reports. Excellent with new technologies and a quick learner of software and processes.

## EXPERIENCE

### **Systems Consultant** | Beep Co, LLC - Alpharetta, GA 2020-Present

- Consults with RE agents and clients on the systems they have in place for business efficiency
- Recommends technologies to implement for automation so they can focus on sales
- Includes writing content for home listings and custom business website builds

### **Systems Coach** | LOCAL Realty / Red Barn Real Estate 2019-2021

- Conducted new agent onboarding, systems input, and user account creation
- Administrator for all company technology, including Google Workspace
- Consulted with agents about the individual systems in place for their personal sales businesses

### **Manager, Collections | Previously- Collections Team Lead, Asset Manager, Asset Performance Specialist** | CAN Capital, Inc. - Kennesaw, GA 2015 - 2018

- partnered with business analytics on SSRS reporting to achieve streamlined processes
- coordinated with IT to verify root causes of system errors and tested bug fixes
- oversaw a portfolio in excess of \$20,000,000 worked by 3-5 agents
- executed cost analysis for under performing assets and forecasted monthly revenue and loss

### **Web Content Creator** | Proxy Server, LLC - Remote, GA 2014

- Created and curated content for math curriculum and social sharing sites
- Wrote and implemented multi-level curriculum and FAQs
- Utilized HTML for formatting and presentation on each Wordpress page

## RECENT PROJECTS

**FDA Recalls Near Me** | 2022  
Contributed HTML and CSS framework (W3.CSS) to a site for consumers to retrieve information regarding FDA recalls. Link to deployed app on GitHub: <https://bnicp.github.io/recall-near-me/>
